

Join the Fight Against Kidney Disease!

Help us find a cure for Nephrotic Syndrome & FSGS

BAY AREA NephCure WALK

NEW LOCATION

Saturday, May 21, 2016

Oak Hill Park – Danville, CA

Family Friendly Activities!

Kid Zone, face painting, raffle, silent auction and more

- Nephrotic Syndrome is an auto-immune disease in which the body attacks the kidneys and stops them from working
- Over 2,400 children are diagnosed with Nephrotic Syndrome each year
- There is no known cause, NO CURE and limited treatment options

*Help us reach our goal to find
effective treatments and a cure!*

Register your team, walk as an individual or donate:
