LUNG CANCER
FOUNDATION

PATIENT FOUNDED. PATIENT FOCUSED.

yournextstepisthecure.org

*"Before today, we've never had a place to go to support lung cancer patients.
You see all the other cancers, everywhere.
ALCF is finally putting lung cancer on the map!" - Participant*

Foundation info/link/phone

ABOUT ALCF

Patients fighting lung cancer today and those who will be diagnosed tomorrow are at the heart of our mission. Driven by the knowledge that lung cancer is the number one cancer killer worldwide annually, our imperative is to dramatically increase patient survival rate.

Because we are patient founded, focused and funded, we know how to answer their questions and support their immediate and long-term needs. To this end, we fund clinical research and provide patient programs, give patients hope and ensure that their voices are heard in advocating for changes to transform lung cancer into a manageable, chronic disease and ultimately, a curable disease.

Whether you choose to sponsor a city, participate as an individual or as a team, we are all here to cheer each other on and to recognize the courage and determination of people affected by lung cancer. Let's come together – step-by-step – and raise funds to extend and enhance the lives of patients and families affected by lung cancer.

THE *YOUR NEXT STEP IS THE CURE™* WALK/RUN SERIES

Our annual Your Next Step is the Cure 5K events bring together people of all ages who want to “step up” in raising public awareness about lung cancer! Our 5Ks are great fun (there’s music!) and family-friendly, open to children (kids in strollers, too!), parents, grandparents, friends, co-workers and canine caregivers.

It’s an event where patients, caregivers and their families can come together and not feel alone in this horrible disease. The goal is to have the support of the entire community rallying behind our participants; from physicians, nurses, large corporations and local businesses all playing a role in the fight against lung cancer.

THE NUMBERS

Your Impact Has A Far Reach...

 \$30 million + raised to save lives since 2006

 150,000 lives touched in 2016

 39,000 National Facebook likes

Each Dollar Has An Impact...

 \$1,000 our foundation is able to fund the educational material at the Patient Education Resource Center tent at our "Your Next Step is the Cure" National Walk/Run Series locations.

 \$500 our foundation can provide personalized 1:1 support to newly diagnosed lung cancer patients and their family members.

 \$250 our foundation can provide 75 patient handbooks to newly diagnosed lung cancer patients and or their family members

Lung Cancer claims more US lives than breast, prostate and colon cancers COMBINED.

In the U.S, 1 in 13 men and
1 in 16 women will develop lung cancer

1 in 3 people know someone
who has lung cancer

If you have lungs
you can get lung cancer

Your Sponsorship Helps Patients & Research

RESEARCH

- Nearly 10 research grants, fellowships, and awards funded
- 3 major studies by the Addario Lung Cancer Medical Institute
- 6 studies currently in development

"After some remarkable advances over the past decade, lung cancer researchers have a lot of optimism about where treatment is going. The Living Room is a space where patients can tap into that optimism and learn about what opportunities are out there to help them live well with lung cancer." - Geoffrey R. Dxnard, MD

PATIENT SERVICES/PROGRAMS

- Patient Education Handbook
- Our Patient Education Handbook is the first comprehensive, up-to-date patient resource for lung cancer. The handbook is free of charge to patients and their caregivers and is available in English, Chinese and Spanish.
- Lung Cancer Living Room Support Group
- Our Living Room Support Group provides live presentations from lung cancer physicians and researchers covering all aspects of the disease. It also is a forum for patients to share their stories and interact with one another both online and in person.
- Patient Portal/ 1:1 Support
- Each patient is different, which is why we offer personalized guidance to each person who contacts us (whether you are the patient or a caregiver).
- Patient Registry
- The Lung Cancer Registry was created for ANYONE who has been diagnosed with lung cancer to help researchers better understand the disease and develop better treatments. The registry allows patients to be part of the solution.

CENTERS OF EXCELLENCE

- ALCF is working with an elite team of specialists to create an unsurpassed paradigm for lung cancer treatment worldwide—a patient-centric, collaborative model that provides all patients access to the newest, most effective diagnostic and therapeutic techniques.
- The “standard of care” established at community hospitals is accompanied by a seal of excellence awarded by ALCF and ensures no lung cancer patient is left behind.
